Re: Stacey Aultman, et ux. v. Vijay Maggio, M.D., et al.
Parish of Ouachita, State of Louisiana, Docket No. C-20161963 Sec. C5
Our File No.: 0817

Dear Sir or Madam:

Pursuant to the Louisiana Long-arm Statute (La. Rev. Stat. Ann. Sec. 13:3201, *et seq.*), enclosed is a Citation and Petition for Damages in the above-referenced matter. Please note that Plaintiffs' Interrogatories and Request for Production of Documents Directed to Defendants, Vijay Maggio, M.D., Amanda Schaefer, MS, DABN, Biotronics Neurometrics a/k/a The Biotronic Neuronetwork and St. Francis Medical Center are also enclosed.

Please contact this office immediately upon your receipt of this correspondence and enclosure.

Thank you.

Very truly yours,

Joyce R. Goldner, Legal Assistant to
Oscar L. Shoenfelt, III

YOU HAVE BEEN SUED.

Attached to this Citation is a certified copy of the Petition. The petition tells you what you are being sued for. You must EITHER do what the petition asks, OR, within THIRTY (30) days after the filing in the record of the affidavit of the individual who either mailed or actually delivered the process to you, you must file an answer or other legal pleadings in the Office of the Clerk of this Court at the Ouachita Parish Courthouse, 301 South Grand, Monroe, Louisiana. If you do not do what the petition asks, or if you do not file an answer or other legal pleading within the delays allowed by law, a judgment may be entered against you without further notice.

This Citation was issued by the Clerk of Court for Ouachita Parish this JUNE 27, 2016.

JOVENA SLEDGE

DEPUTY CLERK
4TH JUDICIAL DISTRICT COURT
OUACHITA PARISH, LA

PETITION FOR DAMAGES

The Petition of STACEY AULTMAN and HEATHER AULTMAN, persons of the full age of majority domiciled in the Parish of West Carroll, State of Louisiana, respectfully represents:

1.

Made defendants herein are:

- A. Vijay Maggio, M.D., who, upon belief, is a non-qualified healthcare provider in accord with the Louisiana Medical Malpractice Act, practicing in the Parish of Ouachita at St. Francis Medical Center.
- B. Amanda Schaefer, MS, DABNN, who, upon belief, is a non-qualified healthcare provider in accord with the Louisiana Medical Malpractice Act, working in the Parish of Ouachita at St. Francis Medical Center and upon belief, domiciled in the State of Louisiana.
- C. Biotronics Neuro Metrics a/k/a The Biotronic Neuronetwork, a foreign company, who, upon information and belief, is the employer of Vijay Maggio, M.D. and Amanda Schaefer, MS, DABNN, which has its employees practicing medicine in the Parish of Ouachita, State of Louisiana.
- D. St. Francis Medical Center for the vicarious acts of the above-named defendants who operated and provided medical care in the Parish of Ouachita, State of Louisiana

2.

At all times pertinent hereto, Stacey Aultman and Heather Aultman were married to and living with each other.

3.

A medical malpractice Complaint was filed by Petitioners herein on August 20, 2015, against St. Francis Medical Center, Bernie McHugh, M.D., Ouachita Neurosurgery Center, AMC and Walter Sartor, M.D. On May 16, 2016, a Supplemental and Amending Complaint was filed naming Vijay Maggio, M.D., Amanda Schaefer, MS, DABNN and Biotronics Neuro Metrics as additional defendants, since they are solidarily liable with the other defendants, St. St. Francis Medical Center, Bernie McHugh, M.D.,

**CASE ASSIGNED TO:
CV. SECT. 5**

Ouachita Neurosurgery Center, AMC and Walter Sartor, M.D in this medical malpractice action.

4.

In a letter dated May 25, 2016, the Louisiana Patient's Compensation Fund stated that Vijay Maggio, M.D., Amanda Schaefer, MS, DABNN and Biotronics Neuro Metrics are not considered qualified under the provisions of LA R.S. 40:1231.1 et seq.

5.

Petitioner, Stacey Aultman, went to St. Francis Medical Center for surgery by Dr. Bernie McHugh on October 10, 2014. The procedure performed was an extreme lateral interbody fusion (XLIF) of the T6-7 level.

6.

Surgery was performed by Dr. Bernie McHugh and Dr. Walter Sartor. After the initial surgery, Stacey Aultman had no motor function in his bilateral lower extremities. Mr. Aultman was subsequently returned to surgery to revise the T6-7 XLIF and an XLIF was performed at the T5-6 level.

7.

During the surgery performed by Dr. McHugh and Dr. Sartor, the defendants, Amanda Schaefer, M.S., DABNN and Dr. Vijay Maggio, were assisting the surgeons in operative spine monitoring, upon belief as the borrowed servants and/or agents of St. Francis Medical Center and under the direction of St. Francis Medical Center. At all times pertinent hereto, it is also believed that Amanda Schaefer, M.S., DABNN and Dr. Vijay Maggio, were also employees of Biotronics Neuro Metrics, a/k/a The Biotronic Neuronetwork. The patient came into the operating room at approximately 8:11 a.m. The patient left the operating suite at approximately 1:38 p.m. The duration of the surgery was 5 hours and 27 minutes. During the surgery, at approximately 10:13 a.m., it was noted by the monitors that the TcEMPs were present and enhanced, however only marginally present right foot and not present in legs or left foot. Dr. McHugh was notified and acknowledged this at that point in time. Again, at 10:32 a.m., it is noted that "4/4 LPTN, TcEMPs hands-only present, not legs, nor feet. 200 MA, 0.5 MS, 358Z." The

absence of monitoring in the legs is again noted at 10:56 a.m. Despite being notified by the operative spine monitor team, Dr. McHugh proceeded with the surgery.

8.

At approximately 12:37 p.m., there was again noted a significant decreased bilaterally in the electrical monitoring. Monitoring now indicated it was absent and this was discussed and the surgeon, Dr. McHugh, was notified. Instead of waking the patient up, again Dr. McHugh proceeded with the surgery. At 1:00 p.m., it was again noted that the responses were absent, and the surgeon was informed but proceeded with the surgery. Instead of determining what was causing the lack of monitoring, the surgeon, Dr. McHugh, decided to close the patient and get an MRI, which caused further delays in determining the etiology of the problems causing the neurological impairment to the patient, which had been present since 10:13 a.m. An MRI taken at approximately 3:09 p.m. showed that the hardware was extending posteriorly into the spinal canal with contact along the ventral cord and posterior displacement of the cord. The patient was taken back to the OR to remove and replace the cage by Dr. McHugh and Dr. Sartor. Additionally, closing the right hand response was noted by technologist but Dr. McHugh chose not to evaluate due to closure of the case.

9.

Despite the second surgery, Stacey Aultman remains paralyzed in his bilateral lower extremities and is wheelchair bound; his quality of life has been greatly diminished as a result of the surgery.

10.

The defendants were negligent in the following respects:

1. Failure to properly evaluate and monitor the patient;
2. Failure to properly treat the patient;
3. Failure to properly diagnose the patient;
4. Failure to properly consult and discuss the case with other physicians;
5. Failure to properly convey information to other physicians;

6. Failure to have proper procedures in place to avoid mistakes in forwarding information;
7. All other acts as seen on objective review by a qualified healthcare provider;
8. Failure to act reasonably and within the standard of care; and
9. Any other act or acts of negligence that plaintiffs do not recognize or identify.

11.

Petitioners plead the doctrine of *res ipsa loquitur* and lack of informed consent.

12.

Petitioners ask for all damages appropriate, loss of consortium, including all general and special damages, including loss of enjoyment of life, medical expenses past and future, past and future wages, and loss of function or disability.

13.

Petitioners are entitled to an award for damages for all, in a reasonable amount, including but not limited to the following:

Past and future medical expenses	Damages as are reasonable in the premises
Pain and suffering	Damages as are reasonable in the premises
Emotional and mental suffering	Damages as are reasonable in the premises
Loss of function and disability	Damages as are reasonable in the premises
Loss of consortium	Damages as are reasonable in the premises
Past and future loss of earning ability	Damages as are reasonable in the premises

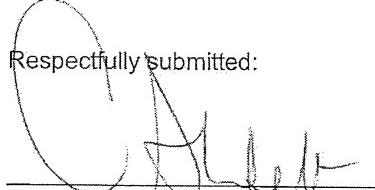

14.

Petitioners request a trial by jury on all issues herein.

WHEREFORE, Petitioners pray that defendants be cited and served with a copy of this Petition, and that after due proceedings are had, there be judgment rendered herein in favor of Petitioners, Stacey Aultman and Heather Aultman, and against defendants, Vijay Maggio, M.D., Andrea Schaefer, MS, DABNN, Biotronics Neuro Metrics a/k/a The Biotronic Neuronetwork, St. Francis Medical Center and against all defendants after the Medical Review Panel hearing, jointly, severally and *in solido* for

such amounts as are reasonable in the premises, together with legal interest thereon from the date Petitioners' request for a Medical Review Panel which was filed with the Louisiana Patient's Compensation Fund Oversight Board on August 20, 2015, and for all costs of these proceedings.

Respectfully submitted:
